Busy day today at work. I was able to scan in a few pictures. Check out the latest pics. How many people can you name in the picture with us all around Aunt Rose's kitchen table? Post what you can in the comments of the picture and see if we can work together to name them all. I will scan more pictures in the next couple days.

I'll be off tomorrow night. Michael and I are headed out to Westfield to watch Mikey play hockey. It's their first home game this year. They started out on the road with a 5-4 victory in Springfield. Mikey got the seasons first goal and added a second in the third period.

Mikey is a senior at Westfield State College and is the Captain on the hockey team. Do we have any relatives that live in the Westfield area?

see you in a couple days.
